

PT. Riau Andalan Pulp and Paper (member of APRIL Group) is one of the leading players in the global fiber, pulp and paper industry. Headquartered in Singapore, RAPP has principal fiber plantations and manufacturing operations in Indonesia.

1 million hectares of land APRIL Group manages, 480,000 hectares is used for plantations. The remaining 51% is set aside for conservation, community use and infrastructure. It owns and operates one of the world's largest pulp and paper mill complexes. **The industrial site in Pangkalan Kerinci – Riau, Sumatera** includes modern pulp and paper mills, an integrated chemical plant, and a power plant that generates all the energy for the complex and nearby town.

The pulp mill, with one of the biggest single production lines in the world, has a design capacity of more than 2.8 million tonnes per year. The paper mill has one of the world's fastest fine paper machines, running maximum speeds of over 1,500 meters per minute.

The capacity of paper mill is more than 850,000 tonnes per year. **PaperOne™** is our flagship brand and available in at least 70 countries around the world. It is made of ECF pulp produced from 100% plantation fiber.
